Director,
Second helo, Killdevil 662, is operational now and responding to a vessel in the gulf that's taking on water. KD 348 has been assigned to wide area search near Orange Tx with 7 rescues so far. Swift water teams have been activated and rally points assigned, will be deploying tomorrow for College Station, Texas. NCEM Area Coordinator already deployed will rendezvous with the teams in College Station and provide briefing. NCEM Emergency Services Manager notified and will deploy in the morning to the Texas State EOC for resource coordination.

Subject: Colonial Pipeline Update & EMAC to TX

Team - please see Colonial Pipeline Update below.

One of our NCHART Helos began SAR missions today. The second Helo had a maintenance issue but will soon be in operation.

Tomorrow, we will deploy 5 Swift Water Rescue Teams (Charlotte, Raleigh, Greensboro, Fayetteville & Henderson County teams) to College Station, TX. Mission was accepted this afternoon by TX. There will be 92 personnel. Approximately 50 SWRTs from across the nation are now on their way to TX.

Questions to the undersigned at your convenience.

Thanks!

Best,
Mike
